[a] North Antrim Business Awards

Council, with Moyle District Council, last year co-sponsored these awards. A number of business sponsors also supported the awards. This year, the awards are being organised by Moyle Enterprise Company and Moyle District Council have again agreed to be a Principal Sponsor. Council is invited to participate in the 2008 awards as a principal sponsor at a cost of £4,000.

Last year's event was very successful and gained high profile publicity for the two areas and for the businesses who achieved awards. A number of Ballymoney businesses were recipients of awards. It is **RECOMMENDED** that Council contribute £2500 and provide contribution in kind through officer support for shortlisting and judging.

It was proposed by Councillor Stevenson, seconded by Alderman Cousley:

[b] Food Tourism Development Programme

Members may be aware of the Menu of Moyle initiative, managed by Moyle District Council, aimed at developing and promoting the use of quality local produce. The district-wide competition sees many local restaurants, Pubs & Inns and Coffee Shops & Brasseries competing to showcase their creative skills by offering imaginative, locally inspired dishes which feature at least 60% of local produce. Arising from a meeting of Officers from the North East Cluster Councils to review the proposed Food Project which had not been successful in gaining Interreg Funding it was recommended that the Menu of Moyle, with other food initiatives alongside, be rolled out across the cluster to promote the region as a good food destination, with potential to increase tourism, develop new businesses and jobs, strengthen and develop local food markets, strengthen existing businesses, develop new products. There is potential for funding from the rural development programme to deliver a range of food sector initiatives.

To enable other councils in the cluster to undertake research to identify local producers and collate and publish a local produce directory for their area, in line with that produced by Moyle District Council and to facilitate the development of a regional branded food initiative around the rationale for the Menu of Moyle initiative, some resource input will be necessary.

It is **RECOMMENDED** that the Council provide a contribution of £5,600 to fund a Development Officer for a three month period to undertake the research to identify local producers, to compile a local produce directory and to develop the funding bid to DETI and other relevant funding bodies for a regional branded food initiative on behalf of the Council's in the North East Cluster, Moyle District Council being the employer Council, providing office space and management support.

The Head of Corporate & Development Services responded to a number of questions relating to the research and development of the initiative, the value of the initial research work and the successful pilot initiative delivered by Moyle District Council.

It was proposed by Councillor Stevenson, seconded by Councillor Wilson and **AGREED:**

that the Council provide a contribution of £5,600 to fund a Development Officer for a three month period to undertake the research to identify local producers, to compile a local produce directory and to develop the funding bid to DETI and other relevant funding bodies for a regional branded food initiative on behalf of the Council's in the North East Cluster, Moyle District Council being the employer Council, providing office space and management support.

[c] DETI Competitiveness Programme Application

The Business Plan adopted by committee 2008/09 included proposals for business mentoring and continuation of the successful tender support programme. Initial discussions have taken place with officers in north east cluster councils on collaborative working under this programme. It is **RECOMMENDED** that a stage one application be submitted to DETI for co-funding under the Competitiveness Programme Priority 2 – Sustainable Enterprise & Entrepreneurship, for a Council led Tender Support Programme, open to Councils in the Cluster area, targeting 38 businesses, at a net cost of £45,220 and Council consider opportunities to become involved in programmes let by other councils in the cluster, achieving economies of scale in the delivery of programmes.

It was proposed by Councillor Finaly, seconded by Councillor Stevenson and **AGREED:**

that a stage one application be submitted to DETI for co-funding under the Competitiveness Programme Priority 2 – Sustainable Enterprise & Entrepreneurship, for a Council led Tender Support Programme, targeting 38 businesses in the North East Cluster at a net cost of £45,220.00.

It was reported that all Councils in the North East Cluster had signed up to participate in the programme and agreed local targets. The Head of Corporate and Development

Services clarified funding arrangements and background advising that this is a repeat of a previous, successful programme delivered by Council.

Alderman Simpson requested that detailed consideration take place regarding future programmes and raised concerns, particularly with regard to implementation of community development and social enterprise programmes previously delivered by the LSP. The Head of Corporate & Development Services welcomed members input on future programme development and advised of the consultation which had already taken place to formulate strategy and operational plans for the new Peace III, rural development and interreg programmes.

[d] Tourism Marketing

Causeway Coast and Glens Tourism Partnership is producing its 2009 A4 promotional guide which is globally distributed to target markets. Costs range from £475 (1/4 page) to £1225 (full page). In addition to the print run the guide will be available through their website. Members noted this marketing opportunity. This marketing opportunity has been supported by Councils under its tourism marketing budget. Additional marketing of the town as a tourism product had been undertaken under the three year DSD town marketing programme.
