**26.1 PRESENTATION – STREAMLINED PLANNING APPLICATIONS**

The Chairman welcomed the Divisional Planning Manager Mrs McIntyre and Planning Officer Mr Walker to the meeting to brief Council on a pilot scheme for streamlined planning applications, which has been in operation in Derry City Council area since December 2007 (details of the scheme are attached as Appendix 1).

The Scheme aims to revise the process to allow for the determination of generally minor straightforward planning applications, which will be dealt with by the Planning Service in the Divisional office, under the authority of the Divisional Planning Manager and mirrors the system, which operates efficiently during the summer recess, in many councils whereby non-contentious planning applications are issued without formal Council consultation through the Planning Committee in the normal manner. Council are asked to consider the opportunity to pilot such a scheme in the rural district of Ballymoney.

\* **Councillor Patterson arrived at 2.05 pm, Councillor Kennedy, Councillor Stevenson and Alderman Simpson arrived at 2.10 pm and Councillor McKeown arrived at 2.14 pm.**

Mrs McIntyre explained that the central aim of the scheme is to facilitate Council in its consideration of key planning applications and to accelerate the processing of all planning applications by allowing minor applications, by agreement, under the scheme to reach a decision and issue quickly.

In providing an overview of the proposed streamlined arrangements, Mrs McIntyre advised that applications for minor development would be dealt with in a different way to the non-delegated major complex applications that represent high levels of investment, employment, social or environmental benefits, which require democratic input through substantive Council consideration. She explained that the method of consulting Council on the relevant categories of applications will involve circulation of a weekly list of such applications received and that these applications can be determined without the need to formally place them on the monthly planning application schedule and bring them before a meeting of the Planning Committee, provided that:

- the application is to be approved;
- no objections have been received from third parties;
- there has been no formal request from a councillor for an application to be discussed at the monthly Planning Committee meeting;
- the proposal is judged to be acceptable when it is assessed in terms of the development plan, other relevant policies and material planning considerations;
- The Divisional Planning Manager reserves the right to decide that an application should be presented to the Planning Committee. In such cases, the reason for bringing the application to the Committee will be explained; usually that the scale or impact of the proposal is locally significant or has an impact on a wider area.

**The presentation concluded at 2.22 pm.**

Following the presentation, Mrs McIntyre responded to a number of questions from members relating to:

- Average processing times of applications dealt with under the pilot scheme.
- Timescales involved in Council's response within 21 working days from issue of the list, should there be a requirement to bring an application to Council.
- Review of scheme following a six-month trial period.
- Incentive for agents and applicants to supply correct information with the application.
- Benefits of the scheme in fast tracking applications for those with disabilities.
- Feedback relating to pilot scheme currently in operation.

Alderman Campbell, Alderman Connolly, Councillor Finlay and Councillor Stevenson endorsed the pilot scheme. Alderman Simpson urged caution due to a possible increase in the submission of retrospective applications.

- \* **The Divisional Planning Manager and the Planning Officer left the meeting at 2.55 pm**

Discussion continued on the merits of the trial and it was **AGREED:**

***that the matter be deferred to the meeting of Council on 6<sup>th</sup> May 2008.***

At the request of Alderman Simpson and Alderman Campbell, the Chief Executive will circulate a copy of the presentation to members to assist further in deliberation of the proposed trial.

- \* **The Divisional Planning Manager and the Planning Officer returned to the meeting at 2.58 pm when the Chief Executive advised them of Council's decision to defer the matter.**

## **26.2 MINUTES OF MEETING NO 25 – 19<sup>TH</sup> MARCH 2008**

It was proposed by Alderman Connolly, seconded by Councillor Finlay and **AGREED:**

***that the minutes of Meeting No 25 – 19<sup>th</sup> March 2008, as circulated, be confirmed as a correct record.***

### 26.3 APPLICATIONS FOR PLANNING PERMISSION

Planning Applications 1-54 and 1-2 (deferred) were considered and the opinion of the Planning Service accepted except where stated otherwise.

Applications pertaining to PPS14 remain in abeyance pending the outcome of the judicial review with the following options applicable.

1. Written request may be submitted by the applicant for the application to be brought forward for refusal.
2. Further information may be supplied to enable Planning Service to reconsider for approval.
3. Application may sit until finalisation of review (approximately six months).

- 1 The proposal is contrary to Policy CTY1 of Draft Planning Policy Statement 14, Sustainable Development in the Countryside and the accompanying Ministerial Statement in that there is a presumption against development throughout the countryside and it does not merit being considered an exception to the policy nor are there any overriding reasons why this development is essential and could not be located within a settlement.
- 2 The proposal is contrary to Policy CTY5 of Draft Planning Policy Statement 14, Sustainable Development in the Countryside, and the accompanying Ministerial Statement and does not merit being considered as an exceptional case as; the structure which it is proposed to be replace is not a permanent structure a therefore cannot be considered a dwelling.
- 3 The proposal is contrary to Policy CTY7 of Draft Planning Policy Statement 14, Sustainable Development in the Countryside, and the accompanying Ministerial Statement and does not merit being considered as an exceptional case as the existing temporary residential accommodation does not justify the development of a new permanent dwelling.

#### **26.5 HOUSING EXECUTIVE COMMUNITY SAFETY STRATEGY**

The Chief Executive advised that on Wednesday 27<sup>th</sup> February 2008, the Board of the Housing Executive approved the draft report "Building Safer Communities: Housing Executive Community Safety Strategy 2008 - 2011" (copy circulated). The Housing Executive will now undertake an 8-week external consultation exercise to seek feedback on the strategic direction the organisation has set out in the document.

The consultation process will be managed in an efficient manner to ensure that responses are focused on those matters, which have not been subject to previous consultation (Housing Executive ASB Policy and Procedures and the application of legal powers were subject to external consultation in 2006/2007). It is therefore requested that responses relate in particular to the strategic themes, priorities and objectives set out in the strategy and how these issues will be delivered through our proposed three year action plan.

If Council wish to discuss any of the strategy issues raised in the document they can meet with a member of the Community Safety Team. The closing date for submissions is Friday 25<sup>th</sup> April 2008.

**26.6 DEVELOPMENT CONTROL ADVICE NOTE (DCAN 14):  
SITING AND DESIGN OF RADIO TELECOMMUNICATIONS EQUIPMENT**

The Department of the Environment, following public consultation, has published Development Control Advice Note (DCAN 14) 'Siting and Design of Radio Telecommunications Equipment'

DCAN 14 provides supplementary guidance to complement Planning Policy Statement 10 'Telecommunications'. The document includes advice on the process of site selection and illustrates how radio telecommunications equipment can be sensitively installed. Its contents will be material to decisions on individual planning applications and appeals.

Hard copies of the document will shortly be available together with a Summary of Consultation Responses on the draft document.

Both documents can currently be accessed on the Planning Service Website at [www.planningni.gov.uk](http://www.planningni.gov.uk). Any member who wishes to receive a hard copy please contact the Office of the Chief Executive
