### 36.3 NEW PLANNING SERVICE WEBSITE

A new Planning Service website, providing enhanced accessibility with new dedicated sections for home owners, businesses and farmers, was launched on 18<sup>th</sup> February 2009. The website includes a number of new tools and features to assist customers. A copy of Planning Service letter giving details of the new site was circulated.

### 36.4 APPEAL AGAINST ENFORCEMENT NOTICE

Notice has been received from the Planning Appeals Commission of an appeal against enforcement notice issued on 9/1/09 to Kevin McMullan re. alleged unauthorized use of the land as a building yard/storage area making a material change in the use of said lands adjacent to No. 1 Lisheegan Lane Ballynmoney. Any representations which Council wish to make should be submitted by 28<sup>th</sup> March.

It was proposed by Councillor Kennedy, seconded by Councillor Cavlan and **AGREED:**

*that Council support the application.*

### 36.5 APPLICATION FOR HAIRDRESSING SALON AT 8 PORTRUSH ROAD

Correspondence from residents of Portrush Road regarding this application was circulated.

A discussion ensued relating to receipt of unsigned correspondence.

It was proposed by Councillor Kennedy, seconded by Councillor Stevenson and **AGREED:**

*that Council note the correspondence.*

### 36.6 APPLICATION D/2008/0306/F – REVIEW

It was agreed that Council write to the Minister requesting a review of Planning Service's decision on application for extension to provide living accommodation for care of dependant relatives at 1 Glebe Park, Derrykeighan for Mr & Mrs T Glenn.

The Minister's Office has responded indicating that the Department is very sympathetic to the needs of the applicants and their family and their personal circumstances were given full consideration. The case has been reviewed and the findings are that the proposal is contrary to planning policy and the application should be refused. The applicants will, of course, have the right to appeal the decision. Alternatively they may

wish to consider reducing the scale of the extension, which may make it a more acceptable proposal.

### **36.7 PLANNING AWAY DAY REPORT – NILGA**

Report on NILGA's Planning Away Day on 18<sup>th</sup> December was circulated. This details the early position of local government on the current Planning Service emerging proposals on planning reform. A formal consultation will issue later in the year. NILGA will be holding a consultation event to discuss the formal consultation, which issued, and also intends to hold a wider conference on planning later in the year.

### **36.8 SEMINAR (NILGA): REFORM OF LOCAL GOVERNMENT COMMUNICATIONS**

NILGA, in conjunction with SOLACE, are hosting a Seminar "Service Delivery Options for the Design of Local Government" on Friday 27<sup>th</sup> March in Templepatrick (10.15 am – 12.45 pm) to facilitate an opportunity for wider communication and discussion about the ongoing work to implement the Reform of Local Government (agenda circulated). All Councillors are invited to attend. Members should register interest with the Office of the Chief Executive.

The legislative timetable is set and the Policy Development Panels are now finalising their early policy proposals to inform legislation. A full consultation is due to take place in the next few months. However, we are now entering a crucial stage in the process to agree the final design model for the new councils and any support services. Price Waterhouse Coopers have been commissioned by the Department of the Environment, under the direction of Policy Panel C, to explore the service delivery options. The first stage of this work is nearing completion and both NILGA members and SOLACE felt that it is essential for councils to be given the opportunity to engage in the process.

Refreshments will be available from 10.30am and the event will end with a sandwich lunch.

It was proposed by Councillor Finlay, seconded by Councillor Robinson and **AGREED:**

***that all members attend the Seminar.***

### **36.9 APPOINTMENT OF MEMBERS TO NI LOCAL GOVERNMENT OFFICERS' SUPERANNUATION COMMITTEE**

The Northern Ireland Local Government Officers' Superannuation Committee (the Committee) is due to be reconstituted for a further four-year term. It consists of a chairperson, five representatives from employer organisations, five representatives from employee organisations and two independent members. Appointments are made by the Minister of the Environment.

The Committee is an executive Non-Departmental Public Body, established under the Local Government (Superannuation) Act 1950 to administer the Northern Ireland Local Government Officers' Superannuation Scheme and manage its pension fund. The legislation requires consultation with councils, the Northern Ireland Housing Executive and other appropriate public bodies.

The reconstitution process will involve the appointment of a new chairperson, three new members (one employer representative and two employee representatives) and two independent members. Seven of the existing members hold their appointments until 2011 and do not need to be replaced at this time.

The Department invites Council to **submit the name(s) of those** who may wish to be considered for appointment to serve as members of the new Committee. When considering nominations, Council is asked to pay particular attention to paragraph 7 of the Competencies Statement, as it is essential that we achieve the necessary balances required for the Committee. [*para 7: The Department is seeking to appoint a Committee whose members have the ability and experience to administer the pension scheme and manage the pension fund.*]

The closing date for nominations is **4.30pm on Monday, 16 March 2009.**

An information pack is available from the Office of the Chief Executive – this includes, a Competencies Statement which sets out the role, objectives and structure of the Committee and outlines the balance of competencies and experience required in relation to these appointments; Role and Specifications for the posts of chairperson and members.

\* **Alderman Connolly left the meeting at 2.35 pm**

### **36.10 RESPONSE TO PPS21 CONSULTATION**

At the request of Councillor Finlay, the Chief Executive advised that there is an opportunity to amend Council's response to the Consultation document relating to PPS21.

It was proposed by Councillor Finlay, seconded by Councillor Kennedy and **AGREED:**

***that Council submit a further response to PPS21 consultation document to include that where a farm is subdivided e.g. when it is left between two people in a will, the one receiving the portion which does not include the farm dwelling should be able to get an approval for a dwelling, where DARD confirm the viability of the portion of farm in question as a business and subject to the normal tests for integration, access etc. of the proposed dwelling.***

**The meeting closed at 2.45 pm**
