BALLYMONEY BOROUGH COUNCIL

Minutes of Health & Environmental Services Committee Meeting No 357 held in the McKinley Room, Riada House, Ballymoney on Tuesday 23rd February 2010 at 7.00 pm.

IN THE CHAIR	Councillor E Robinson
PRESENT	<p>Aldermen H Connolly C Cousley, MBE, Deputy Mayor</p> <p>Councillors A Cavlan J Finlay R Halliday M McCamphill A Patterson</p>
APOLOGIES	<p>Councillors I Stevenson</p>
IN ATTENDANCE	<p>Director of Borough Services Alderman J Simpson Committee Clerk</p>

357.1 MINUTES – MEETING NO 356 - 26th JANUARY 2010

It was proposed by Alderman Connolly, seconded by Councillor Halliday and
AGREED:

that the minutes of meeting No 356 on 26th January 2010 be confirmed as a correct record.

357.2 DOE CONSULTATION ON HIGH HEDGES (356.12)

The Director of Borough Services reminded Members that this matter although introduced at the last Committee meeting had been sent to the Council's Consultation Committee to be dealt with in order to meet the DoE deadline of 1st March. He advised that as it was his understanding that a consultation response had yet to be agreed he suggested that Committee again address the matter. Councillor Robinson referred to a workshop organized by NILGA she had attended as the Council's representative this morning when the issues surrounding the proposed new powers to deal with problem high hedges had been discussed. She also referred to the Partial Regulatory Impact Assessment in respect of the DoE Consultation on High Hedges. The Director agreed to circulate for members' information.

The Director then highlighted a number of issues of concern, which Council ought to raise with the DoE in its consultation response –

- Making the complainant pay is contrary to normal environmental health principles, the offender ought to be liable.
- The Department will need to provide guidance to district councils on a number of matters, for example, what would constitute a complainant “taking all reasonable steps to resolve the matter complained of” before asking the relevant district council to become involved.
- How ought complaints relating to land which is either vacant or where there is no identifiable owner to be addressed. There would appear to be an assumption on the Department’s part that a district council would in such circumstances automatically act in default.
- Would a mediation service be available and if so what about its availability and cost.
- Resources would be required not only to raise public awareness as to any new legislation but also how to avoid the problem.
- There is a need to limit liability in the circumstances where a district council required.
- Work on a high hedge to be undertaken.
- The cost of a specialist tree surgeon is a consideration.
- Clarification is necessary as regards powers of entry.
- There may be conflict between the suggested legislative proposals and other provisions, such as tree preservation orders.
- Also guidance is necessary as regards property built adjacent to a forest or mature woodland.

During the ensuing discussion he also drew attention to the potential cost implications to Council of the DoE proposals to address problem high hedges including the workload which may arise in the period immediately following the legislation coming into operation. Members again expressed the view that Councils would be placed in a difficult position by the proposals, having to arbitrate between constituents and that the proposals introduced a criminal code remedy where a civil remedy already existed.

It was proposed by Councillor McCamphill, seconded by Councillor Halliday and **AGREED:**

to recommend that Council in the first instance advise the DoE as to its reluctance to agree to the role proposed as regards problem high hedges as well as highlighting the concerns outlined by the Director.

357.3 PROSTATE CANCER AWARENESS CAMPAIGN

Councillor Robinson referred to correspondence received seeking that Council [together with all other UK local authorities] support the campaign to raise awareness regarding prostate cancer symptoms in an attempt to reduce the number of deaths from this cancer. She advised that Council is invited to lend its support to the campaign primarily by agreeing to erect posters in each of Council’s public and workforce urinal areas. This action has the benefit of creating awareness of possible symptoms so that a man can then judge for himself whether he ought to go to his GP for a checkup and is important as early diagnosis saves lives. The Director agreed at the Chair’s request to circulate the information.

IT IS RECOMMENDED that this Council lends its support to the prostate cancer awareness initiative by –

- displaying posters in urinal areas in buildings where staff work and in public buildings under Council control, thus providing targeted information to the affected group - men who work for Council and men who use Council services and
- publicising the initiative on the Council's website by adding a link to the campaign site.

It is envisaged that the proposals are delivered "in house" by the Office of the Chief Executive and the Borough Services Directorate as a corporate wellbeing initiative.

It was proposed by Alderman Connolly, seconded by Councillor Cavlan and
AGREED:

that Council lends its support to the prostate cancer awareness initiative as detailed above.

ENVIRONMENTAL SERVICES

357.4 WASTE HAULAGE TENDERS

Tenders were invited, by public advertisement, regarding the transport of the Council's municipal waste from its Crosstagherty Waste Handling & Transfer Facility to various specified locations. The closing date for tenders was 12.00 noon, Wednesday 20th January 2010. Six sets of documents were issued. The four tenders received were opened by the Vice Chair of the Council's Health & Environmental Services Committee, together with the Director of Borough Services, on that date at 1.30pm. The tender evaluation report was circulated.

IT IS RECOMMENDED that Council engage Coleraine Skip Hire & Recycling Limited, 56 Craigmore Road, Ringsend, Garvagh, BT51 5HF, to haul its municipal waste during 2010-2011, in accordance with Councils Specification and Contract Conditions.

In accordance with EU Procurement Law a minimum mandatory standstill period of 10 days will apply before contract commencement. The standstill period will commence after all unsuccessful bidders have been informed of the tender process outcome.

It was proposed by Alderman Connolly, seconded by Councillor Patterson and
AGREED:

to recommend that Council engage Coleraine Skip Hire & Recycling Limited, 56 Craigmore Road, Ringsend, Garvagh, BT51 5HF, to haul its municipal waste during 2010-2011, in accordance with Councils Specification and Contract Conditions.

357.5 ENVIRONMENTAL SERVICES CHARGES 2010-2011

The various charges relating to the Council's Environmental Services (refuse collection, refuse disposal, street cleansing and dog control) have been reviewed for the in-coming financial year in light of the decisions taken by Council on 12th February as regards its budget for 2010-2011. The schedule of Environmental Services Charges 2010-2011 was circulated.

IT IS RECOMMENDED that Council adopt the Environmental Services Charges 2010-2011.

At the request of Alderman Simpson, the Director advised as to the percentage increase and further stated that the increase applied varied in respect of the different services.

It was proposed by Councillor Cavlan, seconded by Alderman Connolly and
AGREED:

that Council adopt the Environmental Services Charges 2010-2011.

ENVIRONMENTAL PROTECTION

357.6 THE POLLUTION CONTROL AND LOCAL GOVERNMENT (NI) ORDER 1978 ARTICLE 66: RUINOUS AND DILAPIDATED BUILDINGS AND NEGLECTED SITES

Article 66 of the Pollution and Control and Local Government (Northern Ireland) Order 1978 states –

“(1) If it appears to a district council that a building or structure is by reason of its ruinous or dilapidated condition seriously detrimental to the amenities of the neighbourhood, the district council may by notice require the owner thereof –

- (a) to execute such works of repair or restoration, or
- (b) if he so elects, to take such steps for demolishing the building or structure, or any part thereof, and removing any rubbish or other material resulting from or exposed by the demolition,

as may be necessary in the interests of amenity.”

Complaint has been received in relation to the premises known as xxxxxx, Ballymoney. Although the property was boarded up in a temporary manner following intervention by Directorate staff, the condition of the premises has markedly deteriorated since due to continuing anti-social behaviour, including arson.

The present state of the building and other structures at xxxxxx has been photographed and this evidence was circulated to members. It has been concluded that the building and other structures comprising the property are by reason of their ruinous and dilapidated condition seriously detrimental to the amenities of the neighbourhood. Were Council also to be satisfied that this is the case, then it ought to address the matter by serving notice on the owner in accordance with the provisions of Article 66.

IT IS RECOMMENDED that Council satisfy itself that the building and other structures at xxxxxx, Ballymoney, are by reason of their ruinous or dilapidated condition seriously detrimental to the amenities of the neighbourhood; and were Council to be satisfied that this is indeed the case, **IT IS FURTHER RECOMMENDED** that Council seek to remedy the breach of Article 66 by serving a notice on the owner of the property.

During the ensuing discussion the role of the PSNI in addressing anti social and criminal behaviour was referred to. The Director in response to questions referred to likely remedy timescales and to the provision whereby Council may undertake work in default.

It was proposed by Councillor Cavlan, seconded by Councillor McCamphill and **AGREED:**

that Council accept that the building and other structures at xxxxxx, are by reason of their ruinous or dilapidated condition seriously detrimental to the amenities of the neighbourhood and that to remedy the breach of Article 66 Council serve a notice on the owner of the property.

CONSUMER PROTECTION

357.12 CONSULTATION ON STRENGTHENING SANCTIONS AGAINST RETAILERS FOR UNDERAGE SALES OF TOBACCO PRODUCTS

Council has been invited by DHSSPS to comment on its proposals to strengthen the sanctions against retailers who sell tobacco products to children and young people under 18 years of age. The aim in strengthening these sanctions is to reduce smoking prevalence amongst children and young people by further restricting the availability of tobacco products to this group.

The closing date for comments is: 12th March 2010 and a copy of the Council's response was circulated.

IT IS RECOMMENDED that Council endorse the response prepared on its behalf.

It was proposed by Alderman Cousley, seconded by Councillor Cavlan and
AGREED:

to recommend that Council endorse the response prepared to the consultation document.

HEALTH & WELLBEING

357.13 ENFORCEMENT POLICY FOR THE SMOKING (NORTHERN IRELAND) ORDER 2006

Further to Council Minute CM859.7 (2nd April 2007) Members will recall the adoption of the above policy. The document has recently been reviewed and updated to

include guidance for dealing with contraventions where the Borough Council is in control of or concerned with the management of premises, an individual or a vehicle subject to the Regulations. The policy was circulated to members. This guidance is similar to that where the Council operates as a food business.

IT IS RECOMMENDED that Council revokes the previous policy (April 2007) and adopts the revised Enforcement Policy for the Smoking (Northern Ireland) Order 2006.

It was proposed by Alderman Cousley, seconded by Councillor Halliday and
AGREED:

to recommend that Council revoke the previous policy (April 2007) and adopts the revised Enforcement Policy for the Smoking (Northern Ireland) Order 2006.

STAFF MATTERS

357.14 NEA CITY & GUILDS ENERGY AWARENESS

The Director was pleased to report that Council's Energy Efficiency Adviser (Ballymoney & Moyle) has successfully passed the above named course. The training being funded by Investing for Health Partnership. The syllabus included the study of heating and hot water systems, the efficient use of such systems, interpretation of fuel cost data and bills, payment methods, condensation solutions and grants available for energy efficiency measures.

IT IS RECOMMENDED that a letter of congratulations be forwarded to the Energy Efficiency Advisor recognising her success.

It was proposed by Councillor Cavlan, seconded by Councillor Patterson and

IT IS RECOMMENDED that Council note the **Applications, Building Notices and Regularisation Certificates** as detailed in Appendix 1 to this report, which are in accordance with the requirements of the Building Regulations (NI) 2000.

The Director responded to questions from members relating to the use of GIS (Geographical Information systems) stating that Council does not currently make use of the system due to financial and staffing restraints.

It was proposed by Councillor Patterson, seconded by Alderman Cousley and
AGREED:

to recommend that Council note the Applications, Building Notices and Regularisation Certificates as detailed in Appendix 1.

- * Councillor Cavlan left the meeting at 8.25 pm.
- * Councillor Finlay joined the meeting at 8.30 pm during the discussion.

357.16 ADMINISTRATION OF ENERGY PERFORMANCE OF BUILDINGS (CERTIFICATES AND INSPECTIONS) (AMENDMENT) REGULATIONS (NI) 2009

A copy of the policy statement setting out agreed arrangements for the administration of a pilot project for the enforcement by District Councils of the above EPC Regulations on a one-year basis was circulated to members.

As described in the report, four Building Control Surveyors have been employed on temporary contracts by Belfast City Council to operate the legislation across Northern Ireland on behalf of all the Councils. As these Officers may work in the Ballymoney Borough Council from time to time during this pilot project it is necessary for the Council to formally authorise them to do this.

IT IS THEREFORE RECOMMENDED that the Council authorise the following Officers, employed for the pilot project by Belfast City Council, to act in the Ballymoney Borough Council area in any matters arising out of the Energy Performance of Buildings (Certificates and Inspections) Regulations (NI) 2008 and the Energy Performance of Buildings (Certificates and Inspections) (Amendment) Regulations (NI) 2009:-

Ms Fiona Cleland

It was proposed by Alderman Cousley, seconded by Councillor McCamphill and
AGREED:

to recommend that Council authorise the above named Officers to act in the Ballymoney Borough Council area in any matters arising out of the Energy Performance of Buildings (Certificates and Inspections) Regulations (NI) 2008 and the Energy Performance of Buildings (Certificates and Inspections) (Amendment) Regulations (NI) 2009.

COMMUNITY SAFETY

357.17 BALLYMONEY, COLERAINE, LIMAVADY, MOYLE COMMUNITY SAFETY PARTNERSHIPS – RPA

Further to Committee Minute HES356.11, quotations to undertake a strategic overview of the existing council areas and to develop a strategy and action plan for the new cluster council following the Review of Public Administration were invited. The closing date for tenders was 12.00 noon on Friday 19th February. Two quotations were received and opened by the Chairperson of Ballymoney Community Safety partnership together with the Community Safety Managers, Ballymoney, Coleraine, Limavady and Moyle.

The quotations were received from -

1. VMS Consults Ltd., 9 Carolhill Park, Ballymena, BT42 2DF; and
2. IMS (Integrated Marketing Solutions), Unit 19A Lisburn Enterprise Centre, Enterprise Crescent, Ballinderry Road, Lisburn, BT28 2BP.

Evaluation of the tenders was carried out against the specification issued with the invitation to submit a quotation. Determination of the successful submission was based on quality and better value for money.

The work is to be funded by the NIO Community Safety Unit.

IT IS RECOMMENDED that Council engage IMS (Integrated Marketing Solutions), 422 Lisburn Enterprise Centre, Ballinderry Road, Lisburn, BT28 2BP, on behalf of the cluster councils, to provide a Community Safety strategy and action plan for the new council area, in accordance with Council's specification and contract conditions.

It was proposed by Councillor McCamphill, seconded by Alderman Connolly and **AGREED:**

to recommend that Council engage IMS (Integrated Marketing Solutions), 422 Lisburn Enterprise Centre, Ballinderry Road, Lisburn, BT28 2BP, on behalf of the cluster Council, to provide a Community Safety strategy and action plan for the new Council area, in accordance with Council's specification and contract conditions.

357.18 LANDFILL

The Director advised that in accordance with the Council's decision on 12th February in setting its budget for 2010-2011 he had initiated the process to tender the Council's requirements. He advised that on the basis of quotation, RPS had been re-engaged to revise the previous contract documentation and assist with service procurement.

It was proposed by Councillor Finlay, seconded by Alderman Cousley and **AGREED:**

to recommend that Council approve the work initiated on its behalf.

* Commenced August 2008.

** Garden waste collection suspended 30.11.09 to 26.2.10.

The Chair expressed the view that alternative methods for the collection of glass and kitchen waste need to be considered. The Director agreed that were Council to further improve its present re-cycling rate then the two areas mentioned were key to this and that progress could only be made were there to be further investment in collection / process systems. Councillor Robinson also reiterated the need to publicise via local newspapers, the importance of reducing the amount of waste to be sent directly to landfill.

357.20 WASTEDATAFLOW AUDIT

An audit of data submitted by Ballymoney Borough Council to WasteDataFlow for the period July to September 2009 was carried out by Northern Ireland Environment Agency (the monitoring authority) on 1st February 2010. The monitoring authority is authorized under the terms of Regulation 10(6) of the Landfill Allowances Scheme (Northern Ireland) Regulations 2004 to periodically audit Council returns.

WasteDataFlow is an online reporting infrastructure for the regular and efficient inputting of data which is available for access to the general public.

HEALTH & SAFETY

357.21 HELANI STRATEGIC PLAN 2009-2011

A copy of the above document, produced by the Health and Safety Executive/Local Authority Liaison Committee for Northern Ireland (HELANI), has recently been received.

The Plan sets out the strategic direction for the regulation of health and safety at work across district council enforcement sectors in Northern Ireland. It also identifies priority issues to be tackled over the next two years in order to improve health and safety standards. The Plan covering the period 2009-2011 focuses on three broad strategic themes –

- Effective management of the health and safety function;
- Workplace health and safety priority areas; and
- Partnership working.

A report on district council activity during the period 2007-2009 was also circulated. This shows a steady increase in the number of incidents investigated and enforcement notices served and “is a testimony to the dedication and commitment of our health and safety professionals in the face of an ever increasing and diverse range of workplace risks and hazards.”

ENVIRONMENTAL HEALTH**357.22 PRIVATE TENANCIES ORDER ENFORCEMENT AND COMPLIANCE ACTION TAKEN BY COUNCILS FROM APRIL 2007 – SEPTEMBER 2009**

The Department of Social Development have recently issued information on the impact of the Private tenancies (Northern Ireland) Order 2006. The Order gave the Department and Councils a range of new functions and responsibilities to

- Target unfitness and disrepair
- Reduce inequities between tenure types and
- Simplify and clarify landlord and tenant responsibilities.

The information collated from quarterly returns submitted by Councils was circulated.

It should be noted that Council through the Directorate has been active in the enforcement of this legislation with the issue of 68 certificates, together with other enforcement interventions, since its introduction.

HOME SAFETY

357.25 HOME ACCIDENT PREVENTION/CHILDHOOD INJURY PREVENTION FUNDING 2009-2010

HOME SAFETY EQUIPMENT SCHEME

The Public Health Agency, through Investing for Health, provided an extension to the above funding in the sum of £4,000.00 for use within the Council area. The monies will be used for the purchase and fitting of home safety equipment for those with children under 5 years of age or for households whose occupants are over 65 years. Equipment is distributed following referral and assessment of need. All additional monies must be expended by 30th June 2010. With the current financial year over £8,000.00 funded by the PHA has been spent on this project, with 129 homes with under 5's and 46 over 65's provided with equipment.

357.26 HOME SAFETY EQUIPMENT SCHEME, NORTHERN IRELAND DATABASE

An application was submitted to the Public Health Agency on behalf of all Northern Group Constituent Councils to participate in the Northern Ireland Home Safety database project. The aim of the project is to provide an accurate database of all home safety interventions carried out by District Councils. The NI wide database held by RoSPA will provide statistical reports as evidence of the effectiveness of home safety check/equipment aid schemes throughout Northern Ireland. The data will be collected using digital pens and specially designed checklists so as to negate the need for double entry of information. A total of £8,650 has been offered to fund the project up to 31st March 2011, with the monies to be expended by 30th June 2010.

357.27 HAZARD HOUSE

The Director was pleased to advise that, after application to the Public Health Agency, Council has been awarded funding to the value of £2,100 to the above project. This grant will be used for the purpose of redecoration of Hazard House. He stated that it is encouraging that support for this project continues from one of the original funders.

FUEL POVERTY

357.28 FUNDING FOR ENERGY EFFICIENCY MEASURES

The Public Health Agency (Investing for Health) has offered a further £1,000.00 to fund energy efficiency measures within the Council area. It is proposed that the monies will be utilised to support the existing fuel stamp scheme and promote energy efficient homes up to 31st March 2011. To date the scheme, since 1st April 2009, has raised £54,000 in sales, assisting householders to budget for home heating oil.

COMMUNITY SAFETY

357.29 BALNAMORE BONFIRE

A leaflet proposing a new approach to the Balnamore bonfire site has been developed which is planned to be distributed to all residents within the Balnamore area in March/April 2010. It has been proposed that the current site at Balnamore Road will be made available on a 'yellow card' basis following the occurrence of a number of incidents in July 2009. Should similar anti social behaviour occur in 2010, a red card will be issued with the site being withdrawn for future years. The landowner of the site is in agreement with this proposal and the Bonfire Subgroup Committee has adopted the leaflet. A copy of the leaflet was circulated.

357.30 CRIME STOPPERS CAMPAIGN

Ballymoney and Moyle CSPs and Crime stoppers have developed a new campaign to warn homeowners and developers to be on their guard to help prevent them from becoming a victim of burglary. Police statistics indicate that there has been a recent rise in domestic burglary in the two Council areas and the respective CSPs have joined forces to stage a joint response to this undesirable trend. The 'Who's Eyeing up your House?' campaign leaflets will be distributed to 9247 households within the Ballymoney area in the BT53 6, BT53 7 and BT53 8 postcodes. Household within the BT44 postcodes will be targeted through their local shops and through the press.

357.31 GLEBESIDE HEALTH FAIR

Ballymoney CSP hosted a stand at the Glebeside Health Fair in the Joey Dunlop Leisure Centre on Friday 12th February 2010. Initiatives including Message in a Bottle, Crime Prevention for Older People, the Off Licence Code of Practice and Who's Eyeing up Your House? were promoted at the event.

357.32 NCSN CONFERENCE

The Peer Leadership project has been successful in being selected as an example of best practice at the annual National Community Safety Network (NCSN) conference, which is scheduled for the 15th – 17th June 2010 in the Waterfront, Belfast. The conference attracts hundreds of practitioners from the field of community safety from all across the UK.

EMERGENCY PLANNING

357.33 NORTHERN IRELAND DISTRICT COUNCIL'S RADIATION MONITORING PLAN

The Chair of LGEMG has recently furnished the above document to NI district councils for information and inclusion as an appendix to the Council's Emergency Plan.

INVESTING FOR HEALTH

357.34 BALLYMONEY HEALTH FAIR 12TH FEBRUARY 2010

A health fair was held on 12th February 2010 in the Joey Dunlop Leisure Centre for the benefit of all of Ballymoney Borough. This event was arranged by Glebeside Community Association, in partnership with the Public Health Agency (Northern Neighbourhoods Health Action Zone) and Ballymoney Borough Council and has been funded through the Small Pockets of Deprivation Fund via the Northern Ireland Housing Executive and the Department for Social Development.

Around 20 organisations were there to provide information and advice on a wide range of health and well being issues from healthy eating, physical activity and smoking cessation to community safety and energy efficiency and the Action Cancer Big Bus was there to provide screening and health checks.

The health fair was well attended and feedback from the event was very positive.

357.35 LETTER OF THANKS

The Director advised that a letter had been received from a resident in Rasharkin district thanking all involved in collecting domestic waste over the period of snow and ice in late December and early January. "Our black and blue bins were collected without fail each Monday – this was a great service and showed the determination of the drivers and was a great relief for us."

The meeting closed at 9.20 pm.
