***that the minutes of Meeting No. 30 on 24<sup>th</sup> May 2010, as circulated, be confirmed as a correct record.***

\* **Councillor McCamphill arrived at 2.07 pm.**

## 31.3 POSSIBLE RATE INCREASES 2011/12

A list of possible rate increases for 2011/2012 was circulated to members for consideration.

Responding to questions, the Director of Central & Leisure Services advised that the increases listed are projected figures only as usages for items such as gas and electricity are unknown and other potential increases will be influenced by associated agencies and market influences; there will be a further review of the overall pension scheme, the outcome of which is expected in October/November which may result in an increase in employer's contributions. The Chief Executive advised that it is not clear how projected pay awards for local government employees earning under £21,000 would be implemented and that further advice is being sought from the Government.

Issues which engaged members included:

- Rationalisation of policies to ensure equality.
- Progress and timescales of planning applications for capital projects.
- Select lists and tendering processes.
- dNAP collaborative working and shared costs.
- Consultancy services.
- Review of general grant after July.
- NILAS waste targets.
- Increase in aftercare period of landfill closure site and associated costs.
- Assets for sale.
- Escalating cost of paper.
- Legislation currently under consideration relating to severance pay for councillors.

Members agreed that the best estimates provided will need to be carefully considered in order to reduce the projected increases.

**31.4 DATE & TIME OF NEXT MEETING**

27<sup>th</sup> September 2010 at 2.00 pm.

**The meeting closed at 3.18 pm.**
