4.0 LAND AND PROPERTY

It was agreed that this item be considered 'In Committee' at the end of the meeting.

5.0 TECHNICAL SERVICES REPORT

The Report of the Director of Technical Services was considered (previously supplied).

Matters arising:

5.1 Biodiversity Officer Project

Members noted information on the proposal for a joint application for two Biodiversity Officers to cover the Coleraine, Limavady and Ballymoney areas, as contained in the report.

The total cost of the project for three years would be £297,889 with 75% funding from NIEA. The contribution required from each Council would be £8,275 per annum for the three year period.

Agreed:

That Council join with Limavady and Ballymoney Councils to progress the funding bid for two Biodiversity Officer posts to cover the three council areas.

In response to members' queries, the Acting Town Clerk and Chief Executive confirmed that the figures cited would cover all aspects of costs for the two posts.

6.0 LEISURE SERVICES REPORT

Consideration was given to the Report of the Director of Leisure Services.

Matters arising:

6.1 Portrush 'Beach Party' 2008

The Director of Leisure Services presented his report on the management of this concert and highlighted various issues viz:

- Is East Strand Car Park a suitable venue?
- What type of concerts, all or mainstream only?
- Should Council invite expressions of interest from all Promoters rather than just one or two?
- Should Council's Special Events Working Group be involved in processing applications for concerts before Council makes a final decision?

The Head of Development Services then appraised members of the results of the post-event survey with members of the trade in Portrush viz:

- (i) the majority of respondents were not in favour of a 'Beach Party' type event in future;
- (ii) the majority of respondents were in favour of a more 'middle of the road' event which would attract a more mature audience.

Following discussion, it was agreed:

That the Promoter of the Beach Party 2008 event be invited to address Council at a future meeting, at which the issues raised by the Director of Leisure Services could be addressed.

6.2 Garvagh Sports Hall - Select List

Agreed:

That Council accept the Consultant's recommendations for Contractors to be invited to tender for work at Garvagh Sports Hall, as detailed in the report.

6.3 Macosquin Playing Fields

Consideration was given to information on this topic, as contained in the report.

It was proposed by Councillor Bradley, seconded by Councillor King and agreed:

That Council purchase temporary changing accommodation for Macosquin playing fields and investigate the possibility of upgrading the pitch at a future date.

6.4 Portrush Harbour Licences

The Director of Leisure Services reported that annual licensing of boats using Council's harbours for commercial gain would allow Council to regulate and manage such boats to ensure that they met all Maritime and Coastguard Agency guidelines and had all necessary insurance and safety equipment.

Following a period of discussion, it was agreed:

That a small number of annual licences be issued to those who wished to operate from Council facilities for commercial gain, as detailed in the report. A nominal fee of £25 would be charged to Council berth holders and £50 to any person who did not hold a mooring in any Council harbour.

Members noted that all licensed boat owners would have the opportunity to advertise on the community notice board when it became available; until then, the status quo would be maintained.

In response to members’ queries and concerns at

the cost of tenders submitted for the amenity buildings, Mr. J. Smith, Cogan & Shackleton and Mr. G. Williamson, Brian Canavan Associates, were invited to respond. Mr. Smith's comment was that, while civil engineering and building costs had stabilized, mechanical and electrical costs had continued to rise.
