2.0 COMMITTEE REPORTS

2.1 Leisure and Environment Committee – 3rd February, 2009

The Deputy Mayor moved the adoption of the Leisure and Environment Committee Report; this was duly seconded by Councillor Fitzpatrick.

Matters arising:

2.1.1 Street Naming and Numbering Policy

Consideration was given to the report of the Director of Technical Services

(previously supplied) and to the Proposed Street Naming and Property Numbering Policy (previously supplied).

The Town Clerk and Chief Executive highlighted the legal advice received in response to queries previously raised by members.

It was proposed by Councillor Leonard and seconded by Councillor Dallat:

- (i) at 2.4(c) of the Policy, that the last sentence be omitted:
- (ii) at 2.4(a) of the Policy, that the word 'majority' in the first sentence be replaced with '10%';
- (iii) at 2.4(c) of the Policy, that the phrase 'eligible voters in' in the second sentence be replaced by the phrase 'respondents from'.

During an extensive period of discussion, it was proposed, as an amendment, by Alderman McClure and seconded by Alderman McClarty:

That Council delays making a decision until such times as the DCAL Consultation has been carried out and reported on.

A number of members requested clarification on what the legal position would be if the amendment was to be carried. The Town Clerk and Chief Executive responded that he was unaware of the detail of the DCAL document being referred to. However, as the policy had been under consideration since 2005 and had been recommended to Council for approval by the Equality Sub Committee, failure to approve and implement the policy could result in a legal challenge.

Councillor Leonard requested that a recorded vote be taken on all proposals.

In response to a suggestion by Alderman McClarty, Alderman McClure asked that the amendment be revised to read:

That Council accepts the recommendation of the Equality Sub Committee pending the outcome of legal advice and any consultation document which is agreed upon by the Assembly.

In regard to the substantive proposal, the Town Clerk and Chief Executive clarified the legal advice received in the event that Council intended to attach specific weighting to 'majority'. He reminded members that further delay could leave Council open to the potential of legal challenge.

In response to a member's suggestion, it was agreed that Council proceed to vote on the substantive proposal.

On being put to the Meeting, members voted on the proposals thus:

- (i) For: Alderman Mrs. Hickey, Councillors Dallat, Leonard and McLaughlin (4)
- Against: The Mayor, Deputy Mayor, Aldermen Mrs. Black, McClarty and McClure, Councillors Bradley, Mrs. Church, Cole, Mrs. Fielding, Fitzpatrick, Gilkinson, King and McQuillan (13)

The proposal was lost with four votes for and thirteen votes against.

Against: The Mayor, Deputy Mayor, Aldermen Mrs. Black, McClarty and McClure, Councillors Bradley, Mrs. Church, Cole, Mrs. Fielding, Gilkinson, King and McQuillan (12)

Against: The Mayor, Deputy Mayor, Aldermen Mrs. Black, McClarty and McClure, Councillors Bradley, Mrs. Church, Cole, Mrs. Fielding, Gilkinson, King and McQuillan (12)

2.0 WATER QUALITY ISSUES ON THE NORTH COAST

The NI Water representatives gave a brief overview of the Bathing Water Directive and the North Coast and Drainage Area Projects. They then elaborated on the following issues and answered members' questions thereon:

- Bathing Water Directive Standards
- Factors in Bathing Water Failures
- Bathing Water Award Schemes
- New Bathing Water Directive and Standards
- North Coast and Drainage Area Projects

It was emphasised that there was no evidence to suggest a failure in the new Waste Water Treatment System but that the heavy rainfall in 2008 may have contributed to water quality problems and the loss of Blue Flag status.

A member asked if the bathing waters could be tested for Blue Flag status in Spring rather than Autumn when a better result could be achieved. Mr. McCurdy advised that the Northern Ireland Environment Agency was responsible for determining the date for testing.

A member asked what other agencies responses had been when invited to attend the meeting.

The Acting Head of Administrative Services advised that the date of the meeting didn't suit the Northern Ireland Environment Agency (NIEA). The response from Roads Service and the Rivers Agency was they had no direct input into water quality.

Members expressed disappointment that the NIEA, Roads Service and Rivers Agency did not attend the meeting and it was suggested that Council write to them expressing disappointment and to arrange a new date with NIEA.

The Deputy Mayor thanked the representatives for their interesting presentation.
